

Walk the (Covid-19) Wilderness with Moses: God Gets Us Where He Wants Us

Exodus 1:1-3:1

Have you ever been in the wrong place?

The world was changing (1:1-8)

Sound familiar?

A grave danger (cf Rom 15:1-4; 1 Cor 10:1-12)

I'm saddened by efforts on multiple fronts to erase our history and undermine, if not vacate, the biblically-based principles on which our country was founded and flourished.

Moses' first 40 years

Hostile world (1:9-22)

Religiously and culturally unfavorable

Male genocide

Our hostilities and current genocide

Supernatural protection (1:17-2:10)

Aborted justice (2:11-15)

God overrules (2:15-21)

A meal, a wife, a job

God even uses our misguided attempts and failures to get us where He wants us!

Shepherding in the wilderness (3:1)

Major demotion

Skills? Yes. Trust in God? Essential.

God takes the long view and invests heavily in preparation.

3 mph when we prefer warp speed

God is getting us ready for where He wants us next.

Take it Home: Where is God moving you?

Are you cooperating or resisting?
