

**Walk the (Covid-19) Wilderness with Moses, pt 9:
Exit, Stage Right**
Exodus 12:37-14:9

Do you remember Snagglepuss?

Plugging In

When God sends, He directs and provides (12:37-13:22)

God's plans are long-range and precise.(12:37-42; 13:51)

We're not here right now by happenstance.

Aren't you glad you know/worship this God of history?

The long road: exit stage right, to avoid immediate wars
(13:17-19)

God leads us, understanding our vulnerabilities.

Pillar of fire, pillar of cloud (13:20-22)

God's immediate presence to guide and protect

Keeping Commitments (13:19)

Our land of sojourn isn't our home.

Rebellion dies hard (14:1-9)

How quickly do I reverse my surrender to God?

God is not done revealing Himself and His glory.

A covenantal refrain: *I am the Lord*

We must constantly remind ourselves that we aren't
the center of the universe.

Are you giving resistance/rebellion free rent?

We can't out-power and out-will God.
